

### Check List: 14-day Recheck In-Clinic Appointment

**History**

**Ask:** What questions do you have? Any concerns?

**Prompts: Comfort Level** (Still needing pain medications?)

**PE**

**Examine: Incision Health** (Clean, quiet, dry vs moisture, redness. If noticed bruising previously, has this resolved?)

**Observe: Leg Use, if applicable** (Wanting to use leg/place paw in the ground vs. walking gingerly vs. 3-legged)

**Communication**

**Discuss: Physical Therapy** (Going ok? Any advice needed for a particular exercise?)

**Schedule: Postop xrays** (fractures, most bone procedures)

Updates can be sent to: [directvetsurg@gmail.com](mailto:directvetsurg@gmail.com)
